

Welcome

Nammo Composite Solutions considers our Suppliers essential partners in success. We will foster and maintain relationships with suppliers who share our vision and beliefs in Integrity, Customer Satisfaction, Innovation, and Quality.

Nammo Composite is committed to providing our customers with products that meet the highest standards in quality and value. Through competitive pricing, innovation and best practices in design and manufacturing we strive to be our customers' first choice supplier. In turn, we actively seek suppliers who are dedicated to these identical principles and share this same commitment to us.

We value suppliers who are flexible, forward-thinking and continually improving capabilities, performance and quality. We at Nammo Composite Solutions are committed to respecting and cherishing our suppliers and the unique expertise each brings – whether advanced technical solutions, rapid lead time improvements, or manufacturing prowess. We are committed to building a long-standing relationship with those suppliers who excel in the product they produce and service they provide.

Nammo Composite Solutions Quality Policy

In our effort to exceed customer expectations, we are committed to continuously improving the quality of our people, products, processes, and relationships.
